### Black Seed Soothing Peppermint Foot Cream

Silky soft feet await you! A revitalising, nourishing and deep penetrating cream formulated to rejuvenate tired and aching feet. Essential oils of Peppermint and Lavender cool refresh and invigorate the skin, while also giving the cream a pleasant aroma. Aloe Vera and Shea Butter soothe, soften and moisturise the feet. Black Seed and Comfrey oil also moisturises the skin and helps reduce the growth of the skin bacteria that causes foot odour. Naturally anti-fungal. For best results: Soak your feet in warm water, then gently exfoliate with a pumice stone. After drying, apply Peppermint Foot Cream, massaging into skin, heals toenails to soften and aid nail growth. Then wear cotton socks for at least an hour, more if possible. When itchy or sore feet are a problem, apply generously.
